

## **DIRECTORATE GENERAL : ALL INDIA RADIO**

**SUBJECT:-Requests for change of Station/Zones etc. from newly recruited candidates for the posts of PEX, TREX, EAs and Technicians.**

This Directorate has been receiving a number of requests and representations directly as well as through parents/spouses/Ministers/MPs etc. of newly recruited PEXs/ TREXs, EAs and Technicians seeking change of posting and zones. Time and again it has been clarified that it is not possible for this Directorate to make any changes to the allotted Zones and Stations. It may be noted that Staff Selection Commission has allocated zones to all the candidates based on their preferences and the ranks obtained. This Directorate has no jurisdiction to change the zones so allocated to the candidate before they actually join the post.

In view of the growing number of such requests, it is once again clarified that this Directorate cannot consider any requests for change of Zone/Station. Those desirous of seeking change of posting will have to first join the Station/Kendra allotted to them and apply for intra zonal/inter zonal transfers through proper channel as per the existing transfer policy of Prasar Bharati.

It is also brought to the notice of all candidates who have been issued with the offer of appointment that they were supposed to join the place of posting within 6 weeks of the date of issue of the letter. Though the prescribed time limit for joining the post is already over in many cases (except those who have been granted extension) the candidates have neither reported for duty nor have intimated the office about their intention to join or otherwise. All such candidates are hereby instructed to join the respective place of posting forthwith failing which the offer of appointment is liable to be cancelled as per para 14 of the offer of appointment.
